About US

Welcome to Arush Switchgears LLP

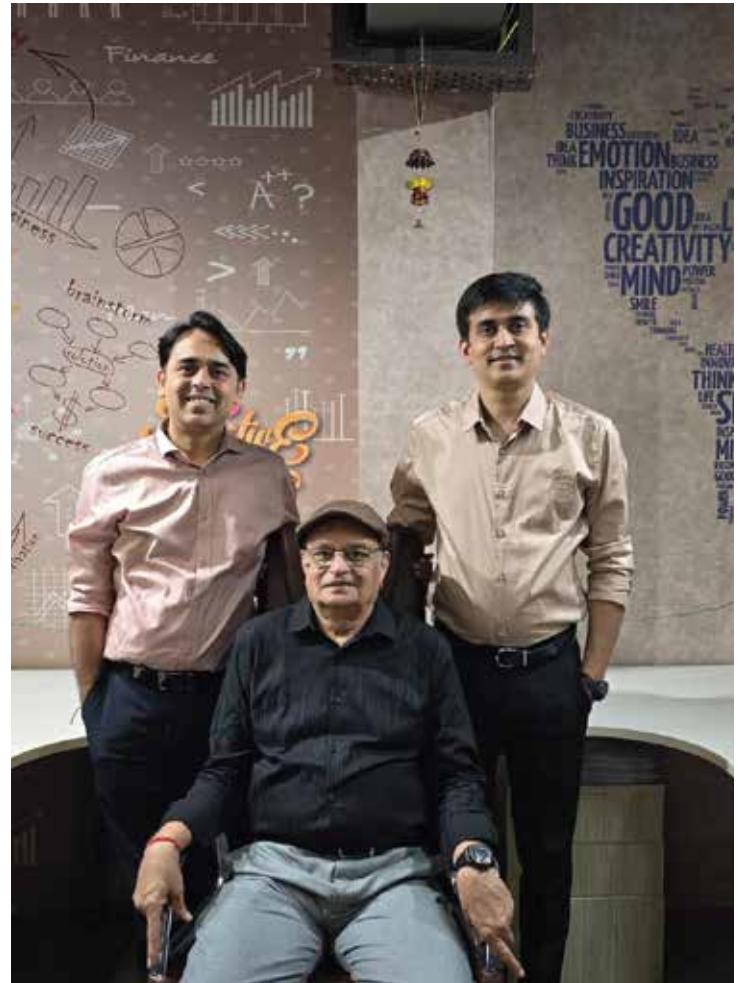

Arush Switchgears LLP have been in the MRO business for **over 35 years** and have served more than 1500+ world-renowned customers and manufacturers across globe. We are a trusted name in the Electrical and Automation industry, providing innovative solutions tailored to the evolving needs of our clients. As a leading solution provider, Dealer, Distributor, Importer, and Stockist, we proudly represent some of the most renowned global brands in the industry.

Our Journey and Vision

Founded with a vision to push the boundaries of technology, we have spent decades refining our expertise and expanding our capabilities. Our expertise spans automation, tools, switchgears, pneumatics, and even hard-to-find items. At Arush Switchgears LLP, we take pride in our commitment to quality and reliability. We ensure timely delivery, competitive prices, and guarantee genuine materials. Our dedication doesn't stop at the sale; we offer complete after-sales support, including warranty assistance. With worldwide delivery capabilities, we've catered to diverse industries such as automobile, pharma, FMCG, steel, and government sectors. We have served over **1500 unique clients**. We are a one-stop-shop company with over **150+ brands**. So you can count on us for any problem related to your maintenance needs.

Our Expertise and Commitment

We specialize in delivering industry-specific, customized solutions that address unique operational challenges. Our core expertise lies in providing solutions to the food processing, automotive, electronic consumable, steel, molding, and pharma industries. Our commitment to customer satisfaction with timely, quality, and hassle-free delivery has helped

us build a reputation as a reliable partner. We believe that our one-window ideology and team commitment have helped us achieve this success.

Our Trusted Partners

We are proud to partner with global leaders such as **SCHNEIDER, SIEMENS, ABB, ROCKWELL, PILZ, SICK, LENZE, EATON, FLUKE, MEGGER, POLYCAP, FINOLEX, LAPP** and many others. These partnerships allow us to provide our clients with access to the highest quality products, ensuring that they have the tools they need to succeed.

Our Mission

We are on a mission to help manufacturing industries to build an effective procurement process by providing one platform-one supplier which enables them to purchase variety of products without the hassle of production loss and increased efficiency / transparency. Hand hold purchasers and engineers to gain the knowledge of products and brands available in the market as per their requirements.

Why Choose Arush Switchgears LLP?

Your Trusted Partner in Electrical and Automation Solutions

At Arush Switchgears LLP, **we break free from the confines of being a mere dealer or distributor**. We believe in empowering our customers with the **freedom to choose** from an extensive range of electrical brands, unrestricted by regional constraints. Our commitment to flexibility ensures that you get tailored solutions for your unique requirements. Experience the difference with us – where variety meets reliability.

Unleash Possibilities: We're not just dealers; we're connectors to a world of electrical innovation."

"Brand Freedom: Choose from a spectrum of top-notch brands without limitations."

"Regional Reach: No boundaries – we extend our services to all regions, ensuring accessibility."

"Flexibility Matters: Our commitment to diversity means we adapt to your unique needs

Decades of Expertise

With over 35 years of experience, we understand the complexities of various industries. Our seasoned team knows what it takes to craft solutions that fit the unique requirements of sectors like Food Processing, Automotive, Steel, Molding, and more. We don't just follow industry trends; we set them.

Comprehensive Product Range

We offer an extensive portfolio of products from globally recognized brands, including Siemens, ABB, Schneider Electric, Pilz, and others. Whether you need advanced switchgear, sensors, automation systems, or cutting-edge lighting solutions, we have you covered. Our diverse range ensures you always have access to the latest innovations.

Trusted Global Brands

At Arush Switchgears LLP, we believe in customization over conformity. We take the time to understand your specific needs, ensuring our solutions align perfectly with your business goals—whether you're looking for small-scale enhancements or large-scale automation.

Trusted Global Partnerships

We represent leading names in the electrical world, so when you work with us, you're choosing quality and reliability. Our partnerships with globally trusted brands ensure that every solution we provide is backed by proven performance and technological excellence.

Unparalleled Customer Support

Customer satisfaction is our top priority. From pre-sales consultation to after-sales service, our team is here to support you every step of the way. You can count on us for quick responses, expert guidance, and ongoing assistance to ensure seamless operations.

Reliable Supply Chain

Your time is valuable, and so are your projects. We maintain a robust, efficient supply chain that ensures timely delivery of products—so you can focus on what matters most: growing your business. No matter where you are, we ensure seamless and dependable logistics.

Our Journey

Over 35 years ago, Arush Switchgears LLP began as a small venture driven by a bold vision: to deliver innovative, reliable solutions to India's evolving electrical and electronics industry. From these humble beginnings, we have grown into a trusted industry leader, consistently adapting to meet the diverse needs of businesses across the country.

As the industry transformed, so did we. We embraced the latest technologies and innovations, positioning ourselves at the forefront of automation, switchgears, sensors, and safety systems. Our journey has been marked by continuous growth, driven by our relentless pursuit of excellence and a commitment to exceeding customer expectations. Today, with decades of experience behind us, Arush Switchgears LLP stands as a symbol of trust, innovation, and cutting-edge solutions. What started as a modest endeavour has blossomed into a company with big ambitions. Looking ahead, we remain focused on expanding our capabilities and delivering even more comprehensive solutions to meet the ever-changing needs of our valued clients.

In our early days, we forged strong alliances with some of the world's most respected names in the industry—EATON, Polycab, Finolex, Schmersal, Fluke, PILZ, ABB—becoming an authorized distributor for these global powerhouses. Our unwavering dedication to quality and exceptional service quickly allowed us to expand our offerings to major industries, including Food Processing, Automotive, Steel, Pharma, and Government Sectors.

Our Team

At Arush Switchgears LLP, our success is driven by a dedicated team of professionals across various departments. Our Sales Department plays a key role in understanding customer needs and delivering tailored solutions, while the Marketing Department focuses on expanding our brand reach and developing innovative strategies to stay ahead in the market.

The Operations Department ensures smooth and efficient daily operations, coordinating across teams to maintain a seamless workflow. Our Purchase Department secures high-quality products from leading global brands, ensuring we meet the demands of our clients with the best-in-class offering.

The Accounts Department manages our financial operations, maintaining accuracy in transactions and budgeting. Additionally, our Packaging and Dispatch Teams take meticulous care in packing and delivering products on time, ensuring that every order reaches our customers in perfect condition. Together, these teams form the backbone of Arush Switchgears LLP's continued growth and success.

Line Card

Switchgears

Reliable switchgear solutions for controlling and protecting electrical circuits. Our range includes circuit breakers, switchboards, and panel boards designed for efficiency and safety.

Sensors

Advanced sensors for accurate measurement and control. Our products include proximity sensors, photoelectric sensors, and temperature sensors for various applications.

Automation

Comprehensive automation solutions to streamline operations. This includes PLCs, motor drives, and industrial controllers that enhance productivity and operational efficiency.

Lighting

High-performance lighting solutions for industrial, commercial, and residential applications. Our range includes LED lighting, emergency lighting, and advanced control systems.

Fire Alarm Systems

A fire alarm system detects fire hazards and alerts occupants through alarms and signals, ensuring early warning and safe evacuation.

Tools

Tools are instruments or devices used to perform tasks, aid in construction, repair, or creation, and enhance efficiency in various activities.

Pressure Gauges

Precision pressure gauges for accurate measurement in industrial processes. Includes analog and digital gauges for various pressure ranges.

Pressure Switches

Reliable pressure switches for controlling and monitoring pressure levels. Includes adjustable and fixed set-point switches.

Safety Equipment

Essential safety equipment to ensure workplace safety. Includes personal protective equipment (PPE), safety barriers, and first aid kits.

Instruments

We offer a wide range of precision instruments for various industries, ensuring accurate measurements and enhanced control in processes such as automation, manufacturing, and quality control.

Pneumatics

Pneumatic components designed for efficient operation in automation systems. This includes cylinders, valves, and air preparation units.

Wire and Cable

A comprehensive selection of wires and cables for electrical installations. Our products are designed to ensure safety, reliability, and performance in various environments.

Safety Switches

Critical safety switches and devices to protect personnel and equipment. Includes emergency stop switches and safety interlock switches.

Power Tools

A range of high-quality power tools for various industrial and construction tasks. Includes drills, grinders, and saws designed for durability and performance.

Fans

High-performance fans for cooling and ventilation. Includes axial and centrifugal fans designed for effective airflow and cooling.

HMI & PLC

Reliable switchgear solutions for controlling and protecting electrical circuits. Our range includes circuit breakers, switchboards, and panel boards designed for efficiency and safety.

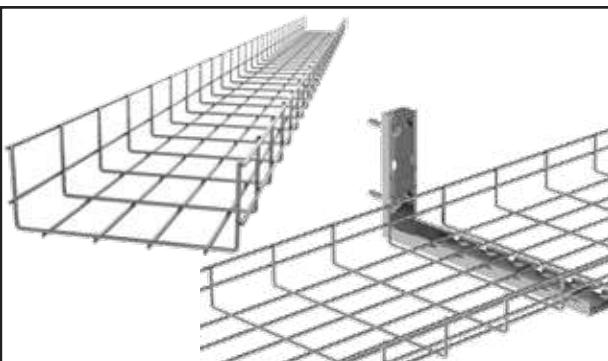

Fire Safety

Comprehensive fire safety solutions including extinguishers, sprinklers, and fire suppression systems to protect people and property.

Burner Spares

Replacement parts and spares for industrial burners. Includes components for maintenance and repair of burner systems.

Cable Trays

Our stainless steel cable trays are designed to provide optimal support and protection for electrical cables in harsh environments, widely used in industrial and commercial sectors to ensure reliability and safety.
