ADAPTING TO THE FUTURE OF AUTOMATION.

Your Trusted Dealer, Distributor & Supplier
of World-Class Electrical Solutions.

POWERING PROGRESS SINCE 1989

In the complex world of industrial automation, reliability isn't an option—it's the foundation of productivity. For over two decades, Arush Switchgears LLP has served as the critical link between global technological innovation and the precise operational needs of India's essential industries.

As a leading dealer, distributor, and supplier of premium industrial automation and electrical solutions, we understand that downtime is never acceptable. We have cultivated an expansive portfolio of 150+ world-class brands, positioning ourselves as the definitive single-source provider for the Manufacturing, Pharmaceutical, and Infrastructure sectors. Our commitment is to ensure your critical operations run safely, efficiently, and without interruption.

From foundational switchgear to complex networked control systems, we deliver the components that power India's progress.

Why Partner with Arush Switchgears LLP?

We are more than just a supplier; we are your strategic partner in ensuring zero-downtime operations.

DRIVING INDUSTRY

Drive & Control (VFDs & Motors)

A technical grid showing power ranges (kW/HP) and application areas like HVAC, Pumps, and Conveyors.

SIEMENS

ABB

Schneider
Electric

Danfoss

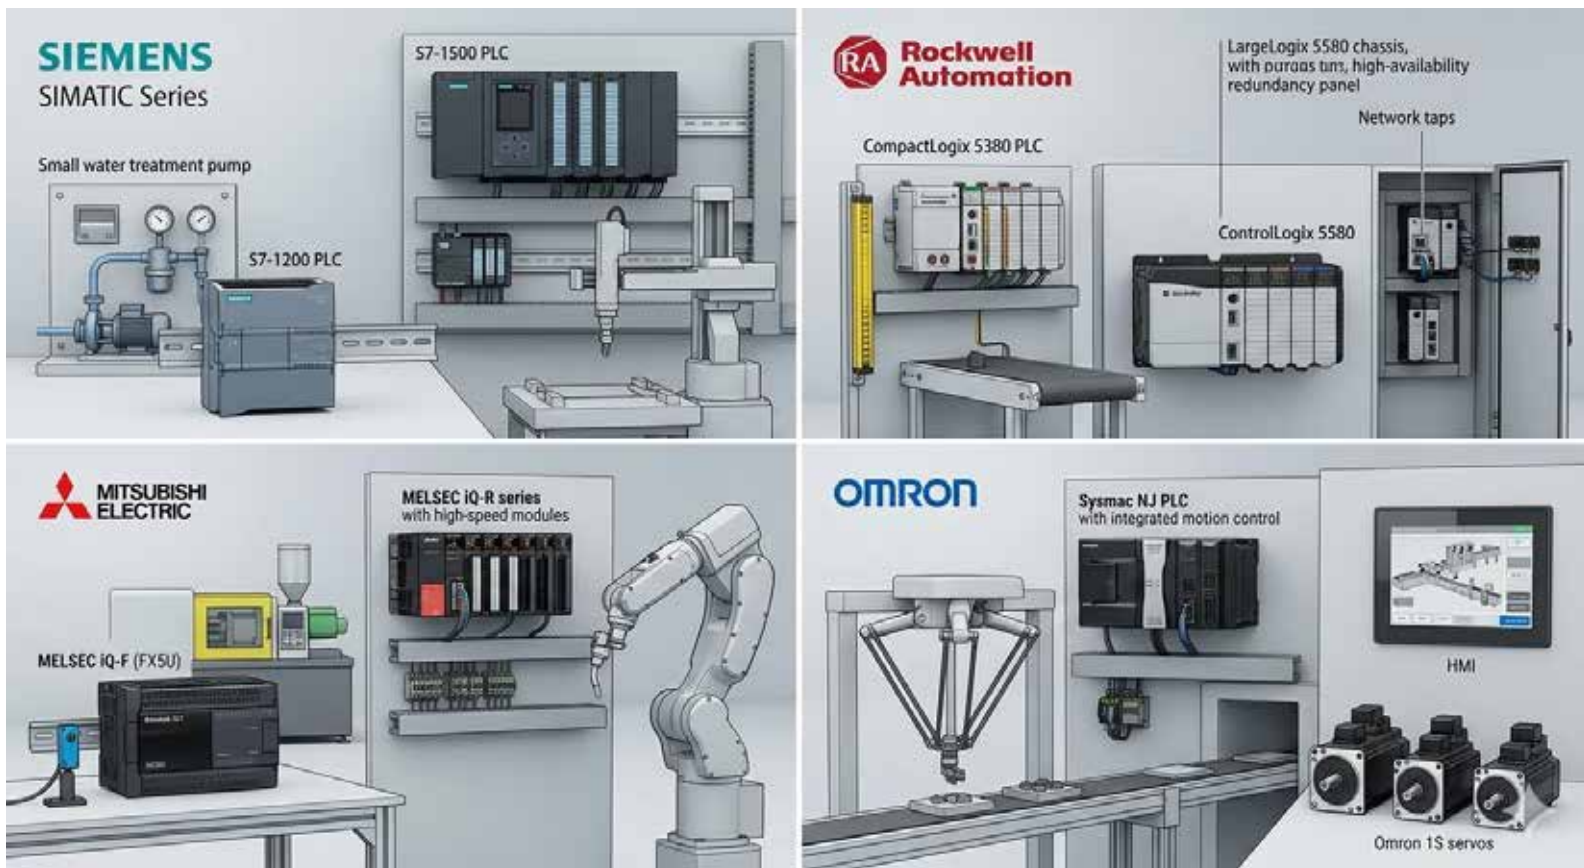

Brand	Model Series	Primary Application	Key Features
Siemens	SINAMICS V20	Basic Pumps, Fans, and Conveyors	Compact design, USS/Modbus RTU, "Keep Running" mode for stable operation.
ABB	ACS580	General Purpose Industrial Drives	Built-in energy saving calculator, assistant control panel, wall-mountable.
Schneider	Altivar Process (ATV630/930)	Water, Wastewater, and Mining	Integrated "Smart Process" monitoring, QR code diagnostics, high durability.
Danfoss	VLT® Refrigeration Drive	Compressors, Condensers, and Pumps	Specialized refrigeration software, wide temperature range, energy-efficient control.

THE BRAINS

PLCs & HMIs

In the era of Industry 4.0, your plant is only as efficient as the logic that drives it. We provide the world's most reliable Programmable Logic Controllers (PLCs) and Human Machine Interfaces (HMIs) to ensure seamless automation, real-time data visualization, and total process control.

Our Core Controller Portfolio:

SMART SENSING & SAFETY

Detect. Protect. Perform.

Precision at every millimetric level. We provide high-performance sensing solutions for object detection, distance measurement, and process monitoring.

"Ensuring zero-downtime through reliable sensing."

INDUCTIVE SENSORS
(BRAND: IFM ELECTRONIC)

INDUCTIVE: Non-contact, Rugged detection of Metallic objects.

CAPACITIVE SENSORS
(BRAND: PEPPERL+FUCHS)

CAPACITIVE: Detect Non-metallic (Liquids/Powders) Level Sensing

PHOTOELECTRIC SENSORS
(BRAND: SICK)

PHOTOELECTRIC: High-speed counting & Position detection (SICK W16)

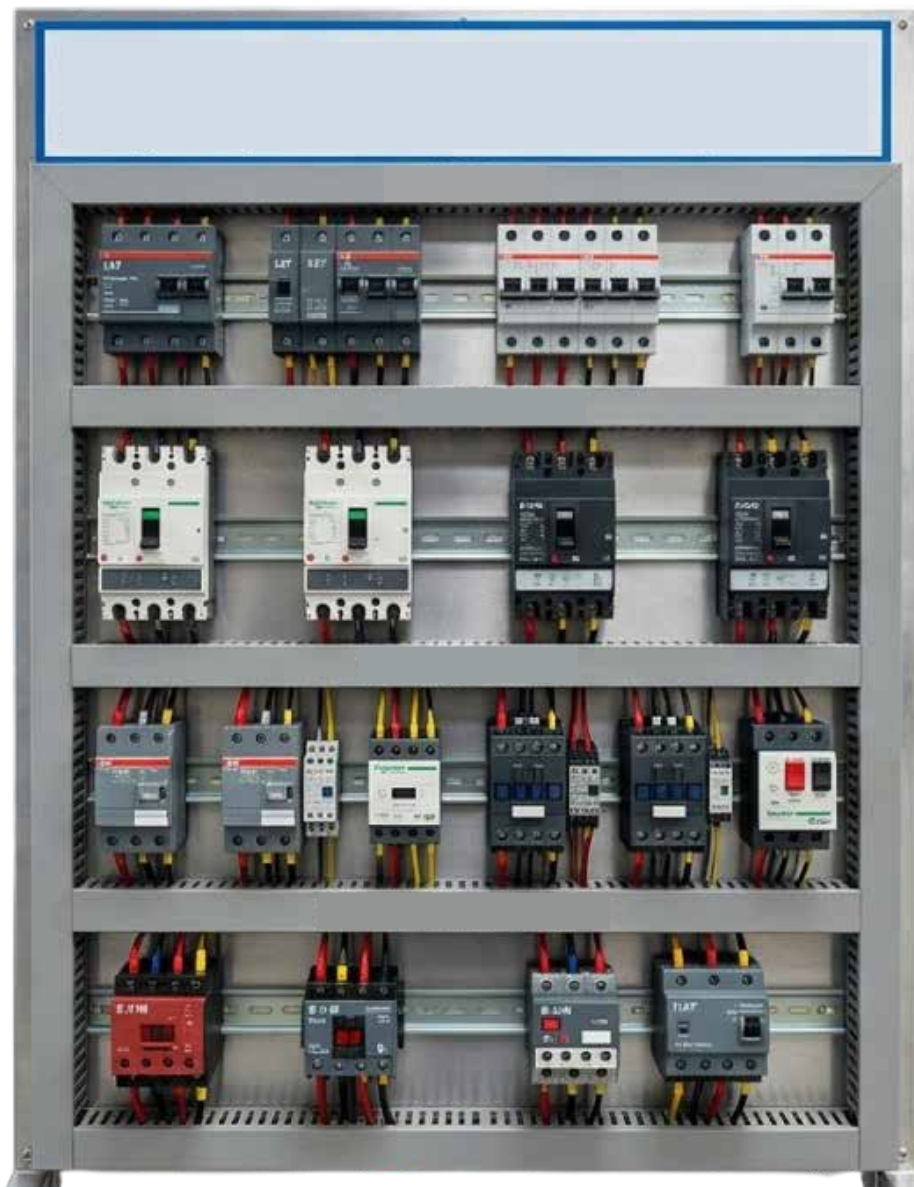

ULTRASONIC & LASER SENSORS
(BRAND: KEYENCE | AUTONICS)

ULTRASONIC & LASER: Long-range, Transparent objects, Accurate measurement

ROBUST PROTECTION: INDUSTRIAL SWITCHGEAR
